

## 2011 Volunteer Committee Registration

WASRG would not be possible without our members. All our activities would not be possible without our volunteers. We want to continue to provide fresh, exciting, education and fun events for our membership. That means we need your help! Please consider joining WASRG as a member of one of our committees. We would love some fresh talent and new faces to help us make 2011 a stellar year!

**Please contact me regarding my interest in the following checked committee(s):**

- Membership/Marketing – Expand your networking universe and share the benefits of WASRG with colleagues and contacts in the WASRG metro area by serving on this committee. If you weren't recruited to join, well, you wouldn't be here today benefiting from your WASRG membership. We need your help.
- Educational/Speakers Bureau – The Education committee has a solid track record of scheduling top speakers to share balanced information on not only topical, but emerging issues of the day. This committee has a proven formula for minimizing logistical set-up and allows members who serve to focus on developing content and selecting speakers. The Speakers Bureau will expand your 'who do you know' list while helping this committee recruit recognized leaders in state government.
- Special Events/Summit – The Special Events/Summit Committee is responsible for the many social events planned throughout the year. In addition, this committee helps plan the premier event on the WASRG calendar – the WASRG Summit.
